## Professionals in the field: Success as an Industrial Chemist

Victoria Oehrlein, BS Chemistry  
Asst. Manager of the Western Regional Crime Lab  
GBI

After graduating from Columbus State University with a BS in Chemistry, Victoria Oehrlein started her career with the Georgia Bureau of Investigation: Division of Forensic Sciences in January 2005. After two years at the Headquarter's Laboratory in Decatur, Victoria transferred to the Western Regional Crime Lab in Columbus, GA. Victoria is an expert in Drug Identification and Fire Debris Analysis. She currently is the assistant manager of the Western Regional Crime Lab.
